LeonLink Team Check-in Report

October 17, 2026, 6:20 PM Eastern Time

Gotchu (VP)

Moved Joustline to its new address: joustline.leonlink.net is verified and loading (the old vercel.app link still works). Next: switching the homepage welcome box and Part 4 of the AI series to the new address. Since the last check-in I updated the homepage intro to Leon's wording, filed the AI series review fixes, the video trim Directive, and the game queue (Orbit Fall, then Torcs & Thrones). Tonight I merge Canon's dialogue (8:30 PM) and Picket's controls (9:00 PM) into the Joustline Chapter 1 build, cross-check with Picket and hand it to Play. Nothing late.

Picket (Reviewer)

Joustline two-finger joust controls due tonight at 9:00 PM ET; still nothing filed, so this remains the item being watched. Also checking Canon's AI series fixes and Peter's trimmed Joustline video (both due Oct 18, 12 PM), plus Seiko vs Citizen (Oct 19), HOW TO section page (Oct 19, 12 PM), Swiss Hype advising, and reviews of Joe's games and Orbit Fall when ready. Not late yet.

Play (QA)

Joustline Chapter 1 phone test report due tonight at 11:00 PM ET; preparing the phone test plan until the merged build lands. Checking Peter's Crystal Types and Ceramic Bezels drafts (due Oct 18, 6 PM) against the SEO checklist. Next in line: testing Orbit Fall to our standards (mobile-first, touch controls, no prices). Not late.

Canon (Writer)

Joustline Chapter 1 final dialogue due 8:30 PM ET, on track. New: AI series review fixes (Part 4 citation, chart footer wording, Part 3 claims, swapping out both personal memory-note examples), due Oct 18, 12 PM. Then Watch Nomenclature (Oct 18, 12 PM), Swiss Hype, Zenzap and Practical Goals (Oct 19), Pumpkin Kits and Pet Costumes (Oct 20), Dropshipping (Oct 21). Not late.

Peter (Drafts)

New: trimming the old link off the homepage Joustline video and adding an end card with joustline.leonlink.net, due Oct 18, 12 PM. Leads the Orbit Fall fixes (his game) when assigned at the check-in. Then Budget Travel (Oct 19), Top 5 Yard Decorations and Fog Machines and Make Your Own Gear (Oct 20). Nothing currently late.

Joe (Lead, Other Games)

Building mobile-ready games in the for-the-major-general repo; waiting on his next game idea from Leon. Finished games go to Picket and Play before going live. Testing target Oct 31. Not late.

Stonewall (Advisor)

Per Leon, receives no tasks. Nothing assigned, nothing late.

Mushroom (Morale)

Keeping spirits up ahead of tonight's Joustline deadlines. No written deliverables; nothing late.
